

PE2117/C: Ban the use of toxic chemicals along our coasts

SEPA written submission, 21 January 2025

Thank you for your invitation to consider in more detail the issue of PE2117: Ban the use of toxic chemicals along our coasts, as a result of the information provided to yourselves by the Petitioner.

SEPA are aware of the issues raised by the Petitioner and have addressed these in previous correspondence. SEPA has no evidence to suggest that the authorisation issued under The Water Environment (Controlled Activities) (Scotland) Regulations 2011 has not been complied with.

SEPA will ensure the Responsible Persons for the authorisation are aware of the issues raised by the Petitioner, if they are not already aware.

I trust the above information is helpful, but should you wish to discuss the above matter further, please do not hesitate to contact ask@sepa.org.uk.
