Convener
Local Government, Housing and Planning Committee

Dear Ariane

EU Law Tracker

I am writing to make you aware that the [third of the EU law tracker reports](#) commissioned by the Constitution, Europe, External Affairs and Culture Committee, set out a case study that related to energy efficiency within buildings (see page 38 of the report).

The report suggests that the Net Zero, Energy and Transport (NZET) Committee may wish to write to the Scottish Government seeking some further information relevant to this case study.

However, the NZET Committee is aware that this falls within a remit more usually covered by the Local Government, Housing and Planning (LGHP) Committee, for example, in your work preparing for possible future legislation on decarbonised heat in buildings.

We therefore agreed to draw the case study to your attention and ask if the LGHP Committee is content to lead on it.

Yours sincerely,

Edward Mountain MSP
Convener
