Wednesday 11 September

Dear Philip,

Climate Change (Emissions Reduction Targets) (Scotland) Bill

Thank you for giving evidence to the Net Zero, Energy and Transport Committee on Tuesday 10 September. The Committee was interested in your views on effective parliamentary scrutiny of climate change emissions reduction targets as set through carbon budgets.

Unfortunately, our interesting discussion was halted by technical difficulties. The Committee appreciated your time and the information you were so kindly providing on your experiences of scrutinising carbon budgets. This will be extremely helpful to us in our consideration of the Bill.

If there is anything further you feel the Committee ought to be aware of which you did not have the opportunity to say yesterday, we would welcome this in writing this week. However, there is of course no need to do so if you do not have anything to add to your comments yesterday and the information already publicly available.

On behalf of the Committee, thank you once again for your time.

Yours sincerely,

Edward Mountain MSP
Convener
