Dear Richard

Please find attached Audit Scotland's six-monthly Impact evaluation report for PAC. This report is part of our impact monitoring, evaluation and reporting framework. It draws on evaluation data from performance audit reports published between March 2022 and June 2023 and a sample of annual audits of the financial year ending 31 March 2023.

Under section 6.7.1(c) of the Parliament's Standing Orders, I refer this report to the Public Audit Committee. The Committee may wish to consider this briefing as part of their work programme.

We expect to publish our next Impact evaluation report in January 2025.

With best wishes

Stephen Boyle  
Auditor General for Scotland
