**5 December 2024**

Dear Cabinet Secretary

### UK subordinate legislation

The Committee considered the Scottish Government's consent notification for the following UK statutory instrument (SI):

- The Common Organisation of the Markets in Agricultural Products (Marketing Standards and Organic Products) (Transitional Provisions) (Amendment) Regulations 2025

The Committee agreed it was content for these provisions relating to devolved competence to be included in a UK SI.

Yours sincerely,

**Finlay Carson MSP**
